## SUMMARY

I have a strong foundation in project management and technical skills, having led teams to successfully deliver web development projects while ensuring efficient collaboration and clear communication. My experience with Java, Spring Boot, React, and MySQL has given me hands-on knowledge in both front-end and back-end development. In my next role, I'm eager to apply my leadership abilities and technical expertise in a project management position that fosters innovation and teamwork.

## LANGUAGES | FRAMEWORKS | TOOLS

Java, JavaScript, C# | React, Spring Boot, .NET | MySQL Workbench, GitHub, Axios

## EXPERIENCE

### SmartyPantz — LaunchCode Capstone Project

- SmartyPantz is a web application designed to help users improve their skills by creating and tracking a daily plan of activities related to various skills.
- Developed the backend using **.NET** and **Entity Framework Core** to handle user authentication and manage skill data..
- Designed and built a dynamic front-end with **React** to allow users to interact with skill lists and create personalized activity plans.
- Integrated **MySQL** to store and retrieve user data and skills, ensuring smooth data flow and user experience.
- **Full Project Tech Stack:** C#, .NET, Entity Framework Core, React, MySQL, Axios, React Bootstrap

### IT and Website Manager – Freelance

March 2023 - Present

- **Designed** and optimized client websites for performance, user experience, and SEO.
- **Developed** social media strategies, boosting online engagement by up to 40%.
- **Provided** IT support, troubleshooting technical issues and overseeing network maintenance.

### Teaching Assistant— LaunchCode

March 2022 - August 2023

- **Managed** 20 students through Java web development projects, ensuring collaboration and timely delivery.
- **Led** project management efforts, achieving a 90% on-time completion rate by setting milestones and allocating tasks.
- **Facilitated** communication between students and instructors, resolving conflicts and maintaining smooth workflows.

### Project Manager — Baja Vision

April 2019 - March 2022

- **Oversaw** residential construction projects, overseeing timelines, budgets, and quality.
- **Coordinated** vendors, volunteers, and clients to ensure seamless project execution.
- **Formulated** and implemented efficient scheduling and safety protocols, improving workflow.
